**Permobil Corpus**

**350 & 300**

Ask About  
 Permobil's  
 Corpus  
 Seating!!!

A slightly smaller and more flexible chassis, perfect for indoor use, but still a strong and robust wheelchair with good outdoor performance. For those of you who have high demands on the seat you choose, the Corpus seat will be the natural choice.

A classic with few competitors in terms of ergonomics and adaptability.

**C350 Corpus** is our most compact wheelchair with an incredible turning circle inviting you to make tight curves in small spaces. The rear wheel drive also gives great driving performance at higher speeds outdoors. **C300 Corpus** is an unusually successful combination of flexibility and quality at an uncommonly reasonable price. C300 Corpus also comes in a Jr. size for smaller individuals.

**Ranger MDX**

Best Value

A compact, mid-wheel drive power base, the MDX boasts superior climbing ability while retaining ultimate stability. The key is an industry first, seating-base integration design which links the user directly to the function of the articulating frame. Like no other power chair, the MDX provides a response that adapts to the conditions.

**R-4000**

Best Value

The Quantum R-4000 rear-wheel drive power chair delivers aggressive, terrain-gripping torque and is available with an optional high speed motor package for a top speed of up to 8 mph. The innovative, compact design of the Quantum R-4000 makes it highly manoeuvrable in tight spaces without sacrificing traditional rear-wheel drive performance.
